

The second panel combined state DOT representatives and their consultants:

- Jay Adams, OK DOT
- Bill Naddy, CA DOT
- Mary Beth Pfrang, KS DOT
- Fred Riethmiller, GeoDecisions
- Lee Jensen, RealTimeSites (NM DOT)
- Eric Floss, ESRI (GA DOT)

The group spoke of their varied experiences with data visualization efforts. Some of the lessons learned were keep sound IT development principles, remember constituency bandwidth differences, seek out hidden costs, and prepare for large bandwidth spikes.
