Why Allegheny County Is Doing Enterprise-wide Asset Management?

Presenter

Craig Schorling
Business Development Manager
Transmap Corporation
schorling@transmap.com

Co-Presenter

Philip LaMay
Deputy Director
Allegheny County, PA
plamay@county.allegheny.pa.us

Allegheny County is performing asset management the right way. Partnered with Motorola, Cityworks, and Transmap, Allegheny County is performing asset and pavement management best practices. This presentation will go over lessons learned and keys to a successful work order management. Allegheny County relies on ArcGIS and Cityworks to track and maintain their assets.

Allegheny County has a population of approximately 1,281,700 people. The County consists of 400 miles of hard weather infrastructure.

Join us to see how Allegheny County Deputy Director - Philip LeMay, IT Director - Eric Allen, GIS Manager - Matt Mercurio, and Civil Engineer - Steve Smallhoover, discussing their process to a complete enterprise-wide asset management system.
