

2006 GIS-T Symposium Columbus Ohio

Updating Legacy Databases: The Arizona Experience

**Eva Reid, GISP
Transportation Planning Division
Arizona Department of Transportation**

The GIS Landscape is Changing

2006 GIST Symposium

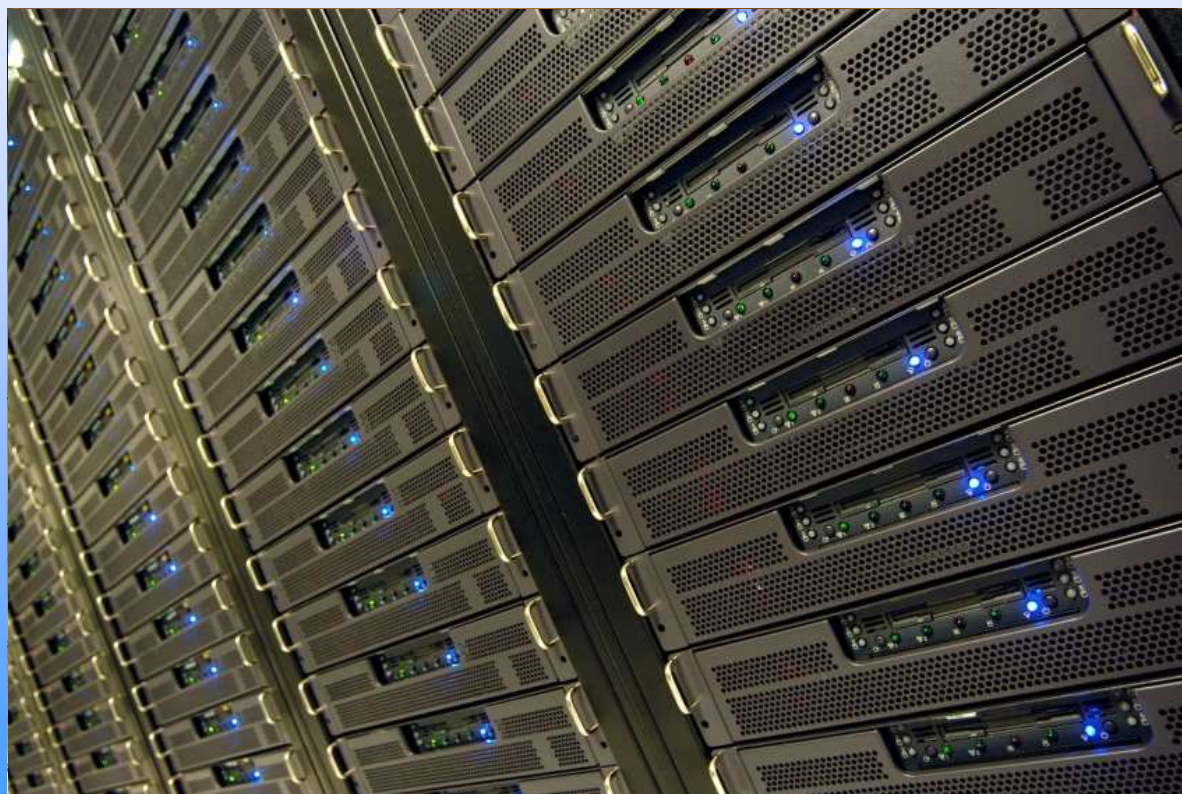

Legacy Database

5	+2.688
0	+5.000
1	+1.500
0	+1.125
0	+1.062

2006 GIST Symposium

ADOT builds a a "new" database

2006 GIST Symposium

Adjusting to the new landscape of GIS

2006 GIST Symposium

Why the Geodatabase?

Build it and they will come

Intuitive + Easy to Use = Better Use of Data

2006 GIST Symposium

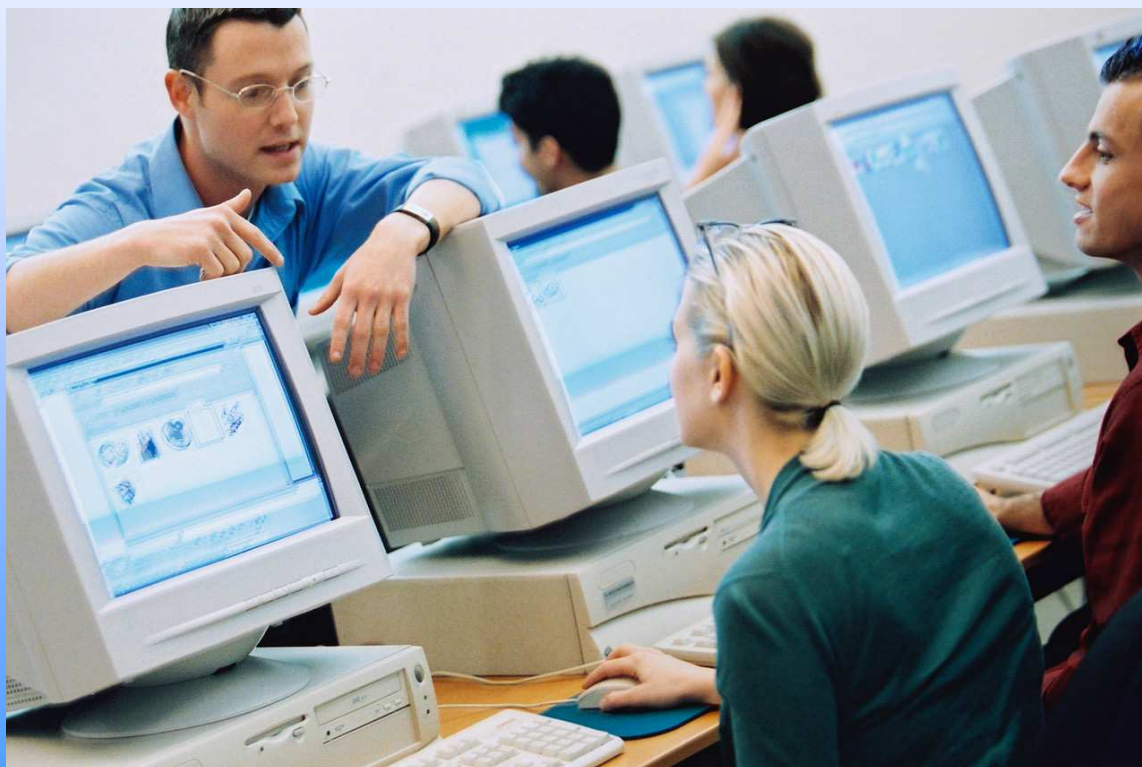

A Three Phase Project

- ④ Project planning/model building
- ④ Tool conversion
- ④ Network development

Multi-user database

2006 GIST Symposium

New Opportunities

2006 GIST Symposium

Thank you!
