Improving City-County Mapping Through Multi-Agency Consortium

Presenter

Ed Kelley
Nebraska Department of Roads
ekelley@dor.state.ne.us

Co-Presenter

Rose Braun

Maintaining and updating accurate city and county maps for the Nebraska Department of Roads is an ongoing task that is particularly challenging in the more populous eastern metropolitan areas of the state. Previous efforts were dictated by limited data sources and personnel availability. However, thanks to technological advances and cooperative arrangements between NDOR and local government organizations, this job has become a much more pleasant experience. Discover why NDOR cartographers are smiling more these days.
