

6.2.2 How Iowa DOT is using its Linear Referencing System

Presenter

Eric Abrams

Iowa DOT

Eric.Abrams@dot.iowa.gov

Co-Presenter

Iowa DOT's Linear Referencing System has been in production since the fall of 2006. In this session we will examine how Iowa's is reaping the benefits of locating assists with Iowa's LRS. We will review LRS architecture, how data is located and how data is collected for use with LRS. Examples will include 5 year program, locating signs for Iowa's sign inventory system and other roadway asset tracking.
