

### 6.3.1

#### Applying LiDAR for Transportation

**Presenter**

**Brian R. Sovik PhD, PMP, GISP**  
Director of GIS-Transportation Solutions  
Data Transfer Solutions, LLC  
bsovik@dtsgis.com

**Co-Presenter**

This presentation will share examples of how LiDAR is being applied for asset capture, planning, design and safety purposes in transportation. This session will also discuss how mobile collection of LiDAR information is becoming easier to use but may not be appropriate for various applications.
