

### 6.3.3

#### **Enterprise Web Portals - A Successful Reality for Many DOTs**

**Presenter**

David Kingsbury  
Intergraph Mapping and Geospatial Solutions  
djkingb@intergraph.com

**Co-Presenter**

Mike Wing  
Intergraph Mapping and  
GeoSpatial Solutions

This presentation will review several DOT Enterprise Web Portals that have been successfully deployed. Brief reviews will include Alberta Transportation, Florida Turnpike Enterprise, Hawaii DOT, Kansas DOT, Manitoba Transportation, Nebraska DOR, Ohio DOT, and more. Each portal has it's own unique requirements and capabilities that will be discussed during the presentation. The presentation will cover reasons why using the web can be so beneficial to Transportation organizations.
